Sir:

In reply to the Office Action dated June 18, 2010, requesting an election of one invention to prosecute in the above-referenced patent application, Applicant hereby provisionally elects to prosecute the invention of Group I, *i.e.*, compounds of Formula I, represented by claims 1-34. This election is made without prejudice to or disclaimer of the other claims or inventions disclosed.

This election is made with traverse to the extent that the product claims of Group I are not examined together with the method claims of Groups II-V. Applicant directs the Office's attention to 37 C.F.R. § 1.475(b), which states in part:

(b) An international or national stage application containing claims to different categories of invention will be considered to have unity of invention if the claims are drawn only to one of the following combination of categories:
